About

I am a dedicated and hardworking Computer Science graduate from BahirDar University, where I earned a GPA of 3.58/4.00. My academic journey has equipped me with a solid foundation in programming, problem-solving, and software development. Beyond my studies, I actively participated in charity events and hackathons, which enhanced my problem-solving skills and reinforced my passion for community service and technological innovation. I aim to contribute meaningfully to both the company I join and my country's technological advancement. I am eager to apply my knowledge and skills to make a positive impact in the professional world.
